

Join our Board of Directors

PolicyWise for Children & Families is a non-profit organization dedicated to enhancing practices and policies that promote well-being. Together, we create a world where children, youth, families, and communities thrive. Please visit policywise.com for more information and how to apply.

PolicyWise is currently seeking up to three individuals from across Alberta to join our Board of Directors experienced in the fields of:

- Finance
- Legal
- Human resources
- Sectors or businesses that have incorporated new or emerging tech, such as AI

The Directors' role is to set policy and strategic direction, and question, scrutinize, and monitor the management of the organization's affairs. This is a governance role as opposed to operational management. Board Directors serve and are accountable to the PolicyWise Members.

New Directors will be appointed at the September AGM. The initial term for a Board Director may be either two or three years, with the ability to renew terms up to a maximum six-year commitment.

The Board typically meets quarterly, with in-person and virtual options, for three hours per meeting. The in-person meetings alternate between Calgary and Edmonton. PolicyWise reimburses meeting expenses such as travel.

In addition to attending Board meetings, subcommittees (Governance; Strategic Advisory; and Finance, Investment & Audit) meet quarterly for approximately two hours virtually. Preparation for Board and committee meetings is essential and should be factored into the overall time commitment expected from Board Directors.

Create impact together
